

MAKING WAVES SPONSORSHIPS

WHEN WE MAKE WAVES, WE MAKE CHANGE.

We invite you to join us on Friday, November 11, 2022 to make waves for the St. Louis Aquarium Foundation’s access for all program, H₂O Friends. An evening of underwater adventure awaits – cocktails with the otters, dinner with the sharks, and the opportunity to discover the brand new jelly touch experience.

The Aquarium Foundation has already inspired thousands of children through its education programs. More than 10,000 of those children have visited through the generosity of donors like you to the H₂O Friends fund. This fund provides free admission for Title 1 schools and various community organizations like Boys Hope/Girls Hope and Variety.

Thank you for your consideration of support for this ongoing need. Together, we can continue to make waves for the future.
